A number of instructors charge CMC a rate higher than our base figure. Therefore, a "Faculty Surcharge" (approximately 18%) will be added to registration with those instructors. Exact fees are available upon request. Tuition should be paid in full at the time of registration. Fees are pro-rated for students entering after the beginning of the year. Installment plans can be arranged upon request. Payment must be made online by e-Check or Credit Card. Students may not begin classes or lessons until registration is complete and payment arrangements have been made.
